

COURSE 3

THE DJ

The 'DJ' programme is a comprehensive course that gives you the opportunity to learn from some of the country's most successful DJs. The curriculum covers the hardware and software aspects of DJing, and further provides extensive practical hands-on experience so that you can play live sets as a professional DJ.

OVERVIEW

- 01 CDJ Overview
- 02 Song structures & Genres
- 03 Beatmatching
- 04 Cuing, Releasing & Drop Mixing
- 05 Mixing & EQ
- 06 Looping & Effects
- 07 Using Rekordbox/Traktor
- 08 Hot Cues
- 09 Preparing Sets

The 'DJ' programme includes an exclusive KAMP1 membership that gives you unlimited access to all of KAMP1's facilities and resources for 1 year after the completion of your course. This includes access to the jam room, studio, DJ console, project files, one-on-one sessions and masterclasses.

With the 'DJ' programme, KERANO draws upon his vast experience of playing sets at massive concerts and gives you a nuanced and detailed understanding of the DJing world. From the basics of beatmatching to advanced techniques that'll get your crowd grooving, this course covers everything you need to know for your gigs.
